Dear Sir:-

One of your music publications - the first book of Spanish songs entitled SPANISH SONGS OF OLD CALIFORNIA, pianoforte arrangements by Farwell, has been recommended to me as I am making a research of all folk and peasant songs of the various nations. Will you please let me know the price of this, and if you have catalogs of additional Spanish or Mexican music I would be glad to receive them. If there is a dealer in New York City please give me his name. Kindly address your reply to me care of the above company.

Yours very truly,

(Miss) *Lilian Levit*
